GREENSBORO, N. C., TUESDAY, SEPTEMBER 27, 1898.

Price Two Cents

No More Credit.

After Sept. 30th, 1898, we will adopt the Cash System. Our books will be closed and our prices reduced from ten to fifteen per cent. We are convinced that this is the proper way to conduct a dry goods and shoe business to the mutual interest of customer and merchant. It will cost any merchant from ten to fifteen per cent more to do a credit business than it would to sell the same amount of goods for cash. This difference we propose to give our customers if they are willing to pay us spot cash. (Proof of the above statement can be seen below.) We feel sure that any one buying for cash will not fail to see where it will be to their interest to trade with us.

Thanking you for past favors, we are,
Yours truly,
J. M. HENDRIX & CO.

For Example—Mr. A. buys dry goods and shoes to the amount of \$1,000 and sells them on credit at a profit of 30 per cent, his gain is \$300, but this is not all gain as the following will prove: Any merchant doing a credit business is bound to have some losses. This we will put at the low estimate of 5 per cent. He will have to employ a bookkeeper and collector, which will cost him 5 per cent, and if he sells on credit he must necessarily buy on credit, and thereby sustain a loss of 5 per cent discount which he could get off if he paid cash for his goods. Add all these losses and expenses together and we find that Mr. A. instead of making \$300, has only made \$150.

Now we will look at the other side of this question. Mr. B. buys dry goods and shoes to the amount of \$1,000 and sells them for cash at a profit of 15 per cent; his profit would be \$150. Mr. B. by selling his goods for cash will be able to pay cash and get the 5 per cent discount which would amount to \$50. Add this to the \$150 and we find that Mr. B. has made \$200, or \$50 more than Mr. A. and has sold his goods at one-half the profit. In other words Mr. B. the cash man, has sold his customers goods 15 per cent less than Mr. A. and has made \$50 more. Is it not plain to see that selling goods for cash is of mutual interest to merchant and buyer?

LAST NIGHT'S RECEPTION

To The Young Ladies and Faculty of G. F. College.

Last night will be an evening long to be remembered by the West Market street, church Epworth League. The occasion was a reception given by the League to the young ladies and faculty of Greensboro Female College. The committee worked hard and faithful, and long before the appointed hour the church was thrown wide open and the word welcome seemed to glitter in every light.

At eight o'clock the long line of young ladies halted in front of the church led by Prof. and Mrs. Smoot. There they were met by the President and ushered in the side door. The reception committee waited in the vestibule and after the first introduction the young ladies were ushered up stairs. The reception committee followed and began the second introduction to the young men.

The first part of the program consisted of music—solos, quartettes and music by the orchestra. The next feature of the evening was announced by Dr. Weaver and the young ladies and gentlemen were ushered down stairs to the refreshment rooms. The rooms were filled and refilled until every one had been served to cream and cake. On leaving the refreshment rooms the couples scattered about the church and the social feature of the evening was at its height.

Everything worked to perfection, not a hitch was noticeable. The evening seemed to be thoroughly enjoyed and long before the hands of the clock pointed to the midnight hour, goodbye had been spoken, the social feature of the season had ended. The old church was darkened, but was recorded the most pleasant evening that had been spent within its walls in a long time.

STILL ON THE JUMP.

Some Views of Greensboro—As Others See Us.

Greensboro is still on the jump. She is building dwelling houses by the score. I counted over 250 new houses in a two hours' ride today. Mrs. Sol Weil, of New York, is building a beautiful stone building in front of the McAdoo house. There are several other new stone buildings going up.

This town is always on the alert. There is a general movement on foot now for municipal ownership of lights, water works, etc.

Greensboro needs a street car system. The board of aldermen are at present advertising for bids to light the streets, by a company that will give a street car line and electric power for manufacturers.

Guilford county is a white county. There are very few negroes. Greensboro is not cursed with negro loafers. This is a blessing. The county is cosmopolitan.

From Greensboro in every direction the farmers are clamoring for good roads. The road from High Point to Greensboro is a graded road. It is a good road. The Battle Ground road is now being put in shape and good condition. Convicts are at work on it.—H. E. C. Bryant in Charlotte Observer.

THEY ARE MODELS.

The New Houses About Completed on Summit Avenue.

The new dwellings erected on Summit Avenue by the Summit Avenue Building Company, now nearing completion, are perfect models of beauty, workmanship and convenience. They are equipped with modern conveniences throughout, gas, water and sewerage. They are constructed of the very best material—this was one point that struck us forcibly on a recent visit to them. The material was so pretty, clear, free from knots or other defects that it really seemed a pity to hide its beauty under a coating of paint.

The location of these houses is most admirable. They are just this side of the long and graceful curve in the avenue on ground just rolling and uneven enough to make a pretty and picturesque group. A charming site for a home. We are informed that these houses are all for sale, and will be offered on most easy payments. If you want to own your own home go out and take a look at these buildings. No two of them are alike, but all are built with the same idea in view, namely: convenience, health and comfort.

A PARTIAL ORGANIZATION

Of the Army of Occupation of Cuba.

THE TROOPS AND COMMANDERS

Troops to Be Supplied With Suitable Clothing, Camp and Garrison Equipage, Tents, Etc.

By Wire to THE TELEGRAM.

Washington, Sept. 27.—A partial organization of the army of occupation of Cuba is given out in the following order: With the approval of Acting Secretary of War the following organization of troops is announced: Division composed of one cavalry and two infantry brigades to be commanded by senior officers until a permanent commander of the division shall be assigned by the president, as follows: Cavalry brigade of the Seventh and Eighth United States Cavalry, commanded by Brigadier General Carpenter of the United States volunteers; First Infantry brigade, Fifteenth United States, Fourth volunteers, commanded by Brigadier General Snyder, of the volunteer army; the Second Infantry brigade composed of the First United States, Sixth volunteers, Brigadier General Willson, of the volunteers, commanding.

The troops affected by this order other than the Fifteenth Infantry and Cavalry are under orders to proceed to Huntsville and not change their stations until further orders. Brigade commanders are to acquaint themselves with the condition of the equipment and the efficiency of their commands.

The troops are to be supplied with suitable clothing and camp and garrison equipage, especially conical tents with board floors, for from one to twelve men, stoves, tools, medical supplies, ambulances, tentage and other field and hospital equipment complete, in accordance with existing orders. One half allowance for wagon transportation has been authorized by general orders number fifty-four.

Youth and Inexperience.

A young Italian traveling man is in the city. He carries a chain with a monkey about the size of a small kitten attached to one end. This and a hand organ completes his outfit. The organ plays about two pieces of "music," while the monkey turns somersaults and begs, with the usual pipe-lighting and dancing left off. Both seem young and quite new at the business, but "some how or other we get along."

They were giving a performance in front of the Lindsay street graded school this morning, and the children got so wild that Prof. Grimsley had to order the couple to vacate.

A Nose Flattened.

Frank Wilborn, colored, occupied the most prominent chair in Squire Eekle's office this morning. Frank was up for flattening the nose of Wm. Stewart, also colored. One of these gentlemen of color had been making remarks which were calculated to damage the standing of the other. Last night when they met, William says Frank "smashed his snorter" and made the blood flow from that organ in rivers.

"Squire Eekle thought Frank's fun worth two dollars and cost and Frank paid the amount reluctantly.

Drink Hearty!

When you are thirsty there is nothing that will take the place of a drink of cool water—not too cold, but just cool enough to be pleasant. And as you quench your thirst in this manner it is not unpleasant to think of another good thing at the same time. This is how it is done: C. M. Vanstory & Co., are making their friends a present of a neat, tin dipper, in the bottom of which, when you drink, you read the following words: "Drink hearty and remember C. M. Vanstory & Co., sells good clothing, hats and furnishings, Greensboro, N. C." A unique advertisement.

Marriage Tomorrow Night.

The marriage of Miss Winifred McCaull to Mr. Francis M. Holahan, of New York, will take place at St. Agnes Catholic church on Wednesday evening Sept. 28th at 8:30 o'clock. Pekin, Sept. 27.—An Imperial edict was issued today which practically rescinds all recent reformatory edicts and orders. Yeu Hawn, a former member of the Chinese foreign office and an opponent of Li Hung Chang, will be confined until further notice. The edict, however, absolves him from complicity in the alleged plot to assassinate the emperor.

COL. ROOSEVELT WILL GET IT

A Poll of Delegates Shows His Strength.

NO LEGAL OBSTACLES IN THE WAY

Ellihu Root, Roosevelt's Attorney, Has The Proof—Black's Name May Be Withdrawn.

By Wire to THE TELEGRAM.

Albany, Sept. 27.—A poll of the delegates made before the convention opened this morning showed that Col. Roosevelt had seven hundred and fifty two delegates and Governor Black two hundred and nineteen.

This means that Roosevelt will be nominated on the first ballot unless something unforeseen occurs. Some of Governor Black's friends say that after an all night's conference many of his admirers are in the mood to have him withdrawn from the race and not permit his name to go before the convention.

NO LEGAL OBSTACLES.

Saratoga, Sept. 27.—Ellihu Root, Colonel Roosevelt's attorney, has presented proof of the colonel's citizenship for the past five years to Platt and other party leaders from all sections of the state, who have agreed unanimously that there are no legal obstacles in the way of running Roosevelt for governor.

It was decided that if the friends of Governor Black demand the proof or refer to the matter in any way that Mr. Root shall present all the papers containing proof of Roosevelt's citizenship to the convention body.

COLONEL BRYAN SICK.

Has a Touch of Malaria and Is Unable to Leave Washington.

Washington, Sept. 26.—Colonel Wm. J. Bryan, of the Third Nebraska Regiment, was unable to leave Washington today for Jacksonville. "I have a touch of malaria," he said this evening, "and my physician told me today to remain here for three or four days."

Colonel Bryan was in bed, where he passed most of the day. His face was flushed with fever, and he remarked that he guessed he was a little tired out. "I have been delaying my return to Jacksonville," he added, "for three or four days in the hope that I would get better the next day, and be able to undertake the journey."

Col. Bryan expressed the reluctance with which he admitted his illness. He has prolonged his stay here to enable the fever to run its course.

To High Point Readers.

We regret that our High Point news budget failed to reach us today. It was probably carried by on No. 36, and will return tonight on 35, as is sometimes the case. It would seem that in a run of fifteen miles, that mail would have time to be worked; but we are told that sometimes it is impossible to do it. The letters are frequently mailed on the train and it does seem that when the route agent picks them up it would require but a moment to place them with the Greensboro mail.

Rev. J. W. Lee in Georgia.

Rev. J. W. Lee, the Irish evangelist, who has been preaching in Florida since last Fall, is now holding tent meetings in Thomasville, Ga. The Thomasville Times-Enterprise, a copy which we have in hand, says the meetings are well attended, and that Mr. Lee is doing much good. Mr. Lee will remain in the South for sometime yet.

Gomez Appeals For Food.

Washington, Sept. 25.—Telegrams received by the Cuban delegation at Washington from the commissioners who arrived at Key West today, and who were sent by Gen. Gomez, depict the situation in the province of Santa Clara as most critical. The Cuban army there, they say, is starving. For over two weeks they had eaten no meat, the vegetables were almost gone, and the last mules and the horses had been killed to feed the sick. The children and old people are reported dying by dozens every day. Gen. Gomez makes an appeal for aid, and says his men are desperate.

THEY'RE WAITING FOR RICHARD.

Murphy and Hill Are Not Cutting Very Much Ice.

By Wire to THE TELEGRAM.

Syracuse, Sept. 27.—The attitude of the delegates to the democratic state convention today is about the same as it was on yesterday—waiting. Nobody pretends to have any notion what is going to happen in the convention. Nothing will occur until Richard Croker arrives, which will be late this afternoon. Murphy, Hill and other well known leaders are on hand, but they are not announcing any plans.

What do you think of the citizens' meeting idea? We would be glad to have an expression of opinion as to the suggestion. Our columns are at your service.

Do you wish to see Greensboro grow? Do you wish for her permanent prosperity? If so, then put your shoulder to the wheel that is now turning and help to turn it faster. And as it rolls along see that a complete sewerage system is among the permanent improvements. Can't afford to overlook this.

We can ill afford to place a smaller estimate on ourselves as a city than others place on us. We call your attention to an extract printed elsewhere from the able correspondent of the Charlotte Observer, Mr. H. E. C. Bryant. He speaks of our rapid growth, and says we need a street car system. In that we heartily concur. When other people see and begin to talk of what we need, can any citizen of Greensboro be indifferent?

The man Braswell, in Union county, who has been charged with causing a fusion of water and cotton in a bale sold in 1896, is out in a card charging the said fusion to "astorm and a heavy beating rain." That should be enough to settle it. Mr. Braswell is a fusion candidate for county commissioner, and there is another storm brewing; it will do some "heavy beating" on November 8th, on which date the fusion between white men and negroes will be settled!

There are exciting times ahead in the Eighth. The "Bull of the Brushies" has been running some time and it is said by his friends that he is getting pretty good speed. Yesterday the Insurgents nominated Ex-Sheriff Bailey, of Davis county, to take the place of Dr. Wilcox, recently removed by death, and his friends say he will take the bull by the horns and rub his nose in the dirt. Tomorrow the democrats meet to put up a candidate. Thus it would appear that there may be no frost in the Eighth until after November 8th.

What will be the result in the Fourth Congressional District? Will there be a three-cornered fight? Jenkins, the fusion candidate; Atwater, the independent, and the democrats meet on

Friday to name a man. It has been suggested that the democrats endorse or nominate Hon. John W. Atwater. He, as Senator from Chatham, was true to his silver views, refusing to support Pritchard. He also voted with the democrats against negro control in the east, we are informed. These things are cited as reasons why democrats could consistently support him against gold-bug fusion Jenkins. That is a matter for the Fourth district democrats to determine.

Dr. Braxton Craven was a great, grand and good man. Yet, under his administration, Trinity College, was hounded and he was abused. We recently heard an aged minister, over 90 years of age, say that "Braxton Craven had far worse things said of him than Kilgo has had." Yet the present enemies of Trinity seem to have forgotten all about it. All honor to those bold and fearless men of God who stood faithfully by Dr. Craven and Trinity College. The college is now going through another fiery ordeal. There are now, as in Dr. Craven's day, brave men and loyal men, and the victory won for Trinity then will help to win the present fight.

TERESA RAISED BY HOBSON.

Admiral Cervera's Flagship Coming North.

Playa Del Este, Guantanamo Bay, Cuba, Sept. 25—The wrecking company engaged under Lieutenant Hobson in the work of saving the wrecked Spanish war ships, has succeeded in floating the cruiser Infanta Maria Teresa, Cervera's flagship. The cruiser was taken in tow by the Potomac, and conveyed by the cruiser Newark, the Scorpion and the Alvarado, proceeded for Guantanamo Bay, where she arrived last night.

The successful issue of the attempt to float her was greeted with the blowing of whistles, the firing of national salutes and by cheers, in which the Cubans joined.

The Newark, under Captain Goodrich, rendered valuable assistance in the work of raising the Maria Teresa. The cruiser is being put in condition by the repair ship Vulcan for her trip north.

HOW TERESA WAS RAISED.

Santiago, Sept. 26—Details just received of the floating of the Spanish armored cruiser Maria Teresa show that with the help of dynamite she was blown off the rocks into deep water on September 23, and proceeded under her own steam some time afterward to Guantanamo, accompanied by one of the tugs of the Merritt Wrecking Company. She will shortly leave for New York. Naval Constructor Hobson says he can raise the Spanish cruiser Cristobal Colon, with the use of bags, in a week, if given authority to do so. Commodore Watson thinks he cannot. The Colon, it appears, was not seriously damaged by shells, but her valves were opened, which caused her to sink.

The other two Spanish cruisers sunk in the battle of Santiago, the Almirante Oquendo and the Vizcaya, are useless wrecks of melted iron. Hobson says he expects to return to New York on the Colon.

General Lawton's headquarters have been moved from the palace to the offices formerly occupied by Gen. Toral, the Spanish commander at this place. In answer to a number of small capitalists who have written here asking for information and advice as to Santiago, General Wood advises them not to come here until December, as there are no facilities at present for the transfer of property. After that time there will be many opportunities for the use of brains and capital.

The city of Santiago is cleaner and healthier now than ever before in its history. No cases of yellow fever are recorded. Upon instructions from Washington, schools here will be opened on the first Monday in October.

Russian railroad trains have smoking cars for ladies.

In Havana there is a device for protecting passengers from the extortion of cabmen which might profitably be imitated in other countries. The lamp posts are painted in various colors—red for the central district, blue for the second circle, green for the third, etc.—and thus the "fare" knows immediately when he has passed the legal boundary, and pays accordingly.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Howard Gardner.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Howard Gardner.

COLUMBUS' REMAINS EXHUMED.

Removed from the Havana Cathedral, Where They Were Placed in 1796.

Havana, Sept. 26.—At nine o'clock this morning the official exhumation of the remains of Columbus took place in the presence of General Blanco, Secretary Govin, the civil governor, the bishop and dean of the cathedral, and other authorities. The general public were ordered out of the cathedral at 8 o'clock, and no one was allowed inside after that hour.

The remains of Columbus had lain in their resting place since January 19, 1796, when they were brought from Santo Domingo, that island having been ceded to France by Spain.

Since the date mentioned the remains had lain in an open niche in the wall of the presbytery of the cathedral, a yard and a half above the ground, between a pillar supporting the main arch and the choir.

In 1892 there was placed in front of the niche a slab, of doubtful artistic taste, representing in relief a bust of the great admiral, and bearing this inscription, in Spanish:

"May the remains and image of the great Columbus lie a thousand centuries preserved in this urn in the remembrance of our nation."

Only The Bones.

What a pitiable spectacle this is of Spain bringing back from the New World the remains of Christopher Columbus. Persecuted, harassed, detained, delayed, ridiculed, imprisoned while engaged in his grand work of discovery, he nevertheless, with an energy that seems superhuman in the retrospect, persevered until he laid an empire of inconceivable wealth and extent at the feet of Sovereigns. Weighed in the balances and found wanting, decrepit Spain is now carrying home all that is left of her of this super-empire—the bones of its discoverer!—Charlotte Observer.

One Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, tickling in the throat or obstinate coughs. Howard Gardner.

In three years the expense of running an Atlantic steamer exceeds the cost of construction.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. (Her name is Mrs. Luther Lutz.) Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and \$1.00. Every bottle guaranteed.

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH
NIGHT AND DAY.

The Packers at the Battle of Santiago
de Cuba were all Heroes. Their
Heroic Efforts in Getting Ammu-
nition and Rations to the Front
Saved the Day.

P. E. Butler, of pack-train No. 3,
writing from Santiago, De Cuba, on
July 23rd, says: "We all had diar-
rhea in more or less violent form,
and when we landed we had no time
to see a doctor, for it was a case of
rush and rush night and day to keep
the troops supplied with ammunition
and rations, but thanks to Chamber-
lain's Colic, Cholera and Diarrhoea
Remedy, we were able to keep at work
and keep our health; in fact, I sin-
cerely believe that at one critical time
this medicine was the indirect saviour
of our army, for if the packers had
been unable to work there would have
been no way of getting supplies to the
front. There were no roads that a
wagon train could use. My comrade
and myself had the good fortune to
lay in a supply of this medicine for
our pack-train before we left Tampa,
and I know in four cases it absolute-
ly saved life."

The above letter was written to the
manufacturers of this medicine, the
Chamberlain Medicine Co., of Des
Moines, Iowa. For sale by C. E.
Holton.

people ought to be. All the parties

NO TROOPS TO CUBA SOON.

Probable That the American Forces
Will Be Sent After New Year.

Washington, September 26.—The
daily reports that come to the depart-
ment from Santiago make it apparent
that even among the immune regi-
ments, made up as some of them are,
of negroes, supposed to be almost ex-
empt from attacks of climatic fevers,
much sickness prevails, and it is only
a fair assumption that the ordinary
troops would suffer more were they
now sent into Cuba.

Therefore, while the American and
Spanish commissioners at Havana are
still seeking to reach an agreement as
to the time to be allowed for evacu-
ating the island, it may be said that the
president expects that the result will
be a compromise between the dates
mentioned on each side, and that the
movement will begin toward the latter
part of October, to be concluded soon
after new year. This will accord very
well with the plans of the war depart-
ment, as it will enable it to avoid
sending to Cuba any considerable
number of soldiers until the healthy
season is well under way.

It is the present purpose to make the
replacement of the Spanish forces in
detail, not sending over any large ex-
pedition, but establishing a garrison
at one point after another, beginning
probably with the western end of the
island. The authorities have reached
the conclusion, in view of the spirit
shown by the Cubans, as reported to
it, that it will not be necessary to have
nearly so large a force to garrison the
island as was at first anticipated, and
it is thought now that not more than
25,000 men will be required.

city of Greensboro, N. C., up to No-
vember 15, 1898, for lighting the
streets of said city with electricity for
a period of three or more years from
January 1, 1899, said proposals to be
based on seventy or more are lights of
1,200 candle power. City reserves
right to reject any or all bids. Bids

facturing concerns want power of this
kind. Incandescent lights are wanted.
City has a population of over 10,000
and is growing rapidly. Unusual op-
portunity for those who mean busi-
ness; no fakirs wanted. Information
will be furnished by the I. & I. Asso-
ciation.

Yellow Jaundice Cured
Suffering humanity should be sup-
plied with every means possible for its
relief. It is with pleasure we publish
the following: "This is to certify that
I was a terrible sufferer from yellow
jaundice for over six months, and was
treated by some of the best physicians
in our city and all to no avail. Dr.
Bell, our druggist, recommended
Electric Bitters; and after taking two
bottles I was entirely cured. I now
take great pleasure in recommending
them to any person suffering from
this terrible malady. I am gratefully
yours. M. A. Hogarty, Lexington, Ky."

OFF FOR NEW YORK.

Prof. Charles L. Raper Left on the Vestibule Last Night.

Prof. Charles L. Raper left last night for New York, where he will take a two years' course in history at Columbia University. He takes a deep interest in historic work and during his stay north he will add much to his already high scholarly attainments. The Chapel Hill correspondent of the Charlotte Observer says of him:

"Prof. Charles L. Raper, formerly of the faculty of the Greensboro Female College, but more recently a European traveler, lectured to the students in Gerrard Hall last evening on 'The Queen's Jubilee and the Scottish Lakes.' Professor Raper talked interestingly of his travels and was listened to attentively. He said that 'a trip to Europe is the event of a lifetime and Queen Victoria's diamond jubilee was the greatest event of the 19th century.' Professor Raper sailed from New York to Liverpool and visited Oxford and Windsor on his way to London, where he saw the great celebration which he describes. From London he went to Scotland, where he made a tour of the beautiful and historic lakes."

Lieutenant Chisholm Passes.

Lieutenant Chisholm, of the District of Columbia Volunteers, passed through this morning enroute to the mountains of western North Carolina recuperating. Lieut. Chisholm came here six years ago from Columbia, S. C., to drill our hook and ladder boys when their team was in its infancy. He got off the train here this morning hoping to see someone he knew. When he stepped to the ticket window he was much surprised to see John B. Graham holding down that fort. He inquired about the hook and ladder boys and said he could see from the depot that Greensboro had grown wonderfully since he was here.

Lieut. Chisholm went through the Santiago campaign, but looks little the worse for his trip, though he is, of course, tired and broken down.

On the feet of many men in Greensboro you will find our "Foot Form" shoes. They are perfect models in the way of "Foot Gear." Try a pair. Carolina Shoe Co.
